National Child Abuse Prevention Month

The Catholic Church in the U.S. provided age appropriate safe environment abuse prevention training to more than 4 million children and youth in Catholic Schools and in parish religious education programs.

Last year, over 2 million adults were background checked and received safe environment training in the Church.

Find out what the Catholic Church has done to protect children and young people from sexual abuse in the 2016 Annual Report. <http://www.usccb.org/issues-and-action/child-and-youth-protection/upload/2016-Annual-Report.pdf>

“Let us work together, then, so that we will always have the right, the courage and the joy to be able to look into the eyes of the children of our world”

-Pope Francis
